Message from CCAP's COIO

Mike Sage, Chief Operating Information Officer

As the first half of 2024 wraps up, our county and partner engagements have grown significantly. As we expand our engagements, our focus is on enhancing the value we provide to all counties through our diverse range of services and programs.

After extensive advocacy efforts earlier this year, the Commonwealth agreed to drop the SOC II Type II requirement for the HealthChoices and OMHSAS programs. In addition, we continue discussions with the Administration and Legislature related to cybersecurity funding for counties.

CCAP Technology TOP Engagement
Thanks for your support!

Joe Sassano - York County
Mike Gallagher- Bucks County
Bob Kennedy - Lehigh County
Charles Brantman - Berks County
Chad Joyce - Centre County
Scott Wilson - Lehigh County
Lillian McQuay - Bradford County
