YEARS

*of experience in the
public sector*

75 million Americans are on the verge of retirement, and many are unprepared. As a strong American company, Nationwide is positioned to help America prepare for and live in retirement.

We are an American company

Nationwide started by helping American farmers more than 90 years ago through the sponsorship of the Ohio Farm Bureau Federation.

We have more than 30,000 employees, making us one of the largest financial services employers in America.

We are on track to hire 1,000 U.S. Armed Forces veterans in the next five years, helping them transition to civilian life.

We are focused on America's public sector workers

Nationwide has more than 40 years of service in public sector workplace retirement savings programs.

We administer nearly 8,000 public sector plans of all sizes, making us No. 1 in total 457 plans administered.²

We have long-standing relationships with the International Association of Firefighters and The National Association of Counties.

We live here. We give here.

Nationwide invests millions of dollars in American interests, including committing \$10 million to the Nationwide Children's Hospital in 2014, establishing the Nationwide Pediatric Innovation Fund.³

Our associates, agents and retirees have pledged \$115 million to United Way since 2000, which is matched dollar for dollar by the Nationwide Foundation.³

Investing in America

We reinvest in America in many other ways, such as investing billions in municipal and corporate bonds every year.⁴
